

Use Microsoft Teams in Zimbra with Teams Power from innovazione digitale

Teams Power

Teams Power is a direct integration with Zimbra Versions 8 and 9 and Microsoft Teams. Customers using the Microsoft Outlook client with a Microsoft 365 subscription can use Microsoft Teams from both the Zimbra calendar and Microsoft Outlook.

Founded in 2003, [innovazione digitale](#) is a Zimbra Gold Partner offering dedicated and shared email and collaboration with Enterprise 24x7x7 support service. They manage more than 300,000 email accounts. [innovazione digitale](#) provides cloud services and system integrator activities straight from certified Italian datacenters. With certifications including Quality Management certified ISO 9001 and Information Security Management ISO 27001 – 27017 – 27018, they provide services including:

- Email Collaboration
- Unified Communication
- Cloud Services
- Cybersecurity

Teams Power by [innovazione digitale](#)

During the pandemic, many of [innovazione digitale](#)'s customers started using Microsoft Teams. Zimbra does not include a Microsoft Teams integration, so [innovazione digitale](#) created Teams Power.

Teams Power is a direct integration with Zimbra Versions 8 and 9 and Microsoft Teams. Customers using the Microsoft Outlook client with a Microsoft 365 subscription can use Microsoft Teams from both the Zimbra calendar and Microsoft Outlook.

How can Teams Power help your organization?

Teams Power supports new hybrid and remote work while reducing costs by allowing you to easily schedule Microsoft Teams meetings directly from the Zimbra calendar.

For companies that don't want to use Microsoft Exchange online in a public cloud, but want a Zimbra Mail service on private cloud, Teams Power is the right choice.

Why use Teams Power?

- Microsoft Teams is the most widely used collaboration application
- Works right in Zimbra
- Cloud-based platform
- Fully managed
- Support included
- Compliant with GDPR and ISO27001

Get Started with Teams Power

You can use Teams Power immediately for employees and users outside the company. To start using Teams Power:

1. Activate the Teams Power service per user.
2. Get the free Teams Meeting Zimlet.
3. Create Microsoft Teams meeting from your calendar.
